Call for applications for the academic year 2019-2020
(deadline extension to July 1st)

The Department of Informatics and Telecommunications of the National & Kapodistrian University of Athens, in collaboration with the “ATHENA” Research & Innovation Center, and the Biomedical Research Foundation of the Academy of Athens, invite applications for graduate admission to the MSc Program “Data and Information Technologies” (DSIT), offering two specializations:

1. Big data and Artificial Intelligence
2. Bioinformatics – Biomedical Data Science

All coursework and lectures are in English. The goal of the program is to provide top-quality education in Informatics, Data Science, Artificial Intelligence, Machine Learning, and Bioinformatics. The two specializations have been designed according to international standards in order to meet the needs of the European academia and job market.

The program admits up to 20 students per specialization. The duration of studies is 3 academic semesters (90 ECTS), including one for the Thesis (30 ECTS). The fees are € 900 / semester.

First degree (BSc) holders in Computer Science, Mathematics, Applied Math, Engineering, Biology, Medicine and related subjects from Greek or foreign Universities are welcome to apply. Graduates of non-Greek institutions should consult the Hellenic NARIC organization (http://www.doatap.gr/en/) regarding degree recognition. Further information, including application form, list of supporting documents, rules and regulations are available at: http://dsit.di.uoa.gr/?page_id=273. The program is coordinated by Prof. Ioannis Emiris (NKU Athens, and ATHENA RIC).

Due to high demand, the application deadline is extended to July 1st, 2019.

Applications are accepted in printed form on Monday, Wednesday and Friday from 11:00 to 14:00 at the following address, or can be posted at the same address:

Department of Informatics & Telecommunications
National & Kapodistrian University of Athens
Panepistimioupolis, Athens 15784 Greece
tel. +30-210-7275192

For more info you may contact the program’s secretary at +30-210-7275337, kkanavou@di.uoa.gr.
